'City' Studies Continue

Newark Moves For Solo Government

The rapidly-developing race to see who will be the Township's first city found Newark off and running last Friday.

A citizens' committee:

1. Set boundaries for the "City of Newark".

2. Agreed to hire a firm of government experts to check a Chamber of Commerce study of cityhood, and

3. Started raising funds to pay the experts' \$500 fee, plus \$500 for other contingencies.

Forty Newarkers also cold-shouldered a Niles move to study Township-wide self-government. They declined to send representatives to Monday's Township study meeting. Fire-chief Joe Pashote and Fireman Wilbert Pine successfully moved the invitation be buried.

Next move is to raise \$1000 to finance the Newark study. As soon as enough is collected, the San Francisco firm of Louis Kroeger & Associates will be hired to evaluate a recent survey made by the Newark Chamber of Commerce.

Purpose of hiring Kroeger, said Conrad Wahlquist of Rheem Mfg. Co., chairman of a subcommittee on planning, is to have an impartial body of experts assure the public that the chamber survey of Newark's cityhood potential "is valid" — if it is valid.

Wahlquist estimated the Kroeger check should take three weeks.

Leonard Lucio, subcommittee chairman of finance, reported his group believes every organization, business and civic-minded individual in town should ante-up something for the work. Lucio said for a starter, the Chamber of Commerce, the Kiwanis Club, and the Firemen's Association will be tapped for donations; plus Joe Nuland of Terranova Builders. Nuland recently volunteered to donate \$100 at a public meeting.

More must be raised later, it was agreed, if the study blossoms into an all-out incorporation drive. Gordon Cotton, chairman of the meeting, estimated \$2500 would be needed to foot the expenses of making Newark the Township's first city.

The all-important boundaries subcommittee, headed by Pashote, rendered the following recommendation:

1. That the controversial Glenmoor tract be left entirely out of the City of Newark, with the northeast boundary halting "this side of Blacow Road."

2. That PG&E Road constitute the south boundary, with the boundary again falling on the near side to avoid maintenance expense. ("We have absolutely no designs on the PG&E substation", Pashote vowed.)

3. That the Leslie Salt plant — but not the majority of its ponds — be included; as well as the Westvaco plant. (See Map)
4. That the west boundary be the fire district line, 1000 feet west of Jarvis Road, turning at the Freeway route back to Blacow Road.

At the suggestion of Pine, it was decided to include the new dump at the end of Per-

Glenmoor Service District Hearing December 14; Rec' Airing Sooner

Public hearings on establishment of a community service district for Glenmoor Gardens will be held December 14 before the Supervisors.

The proposed Township Recreation District, reportedly conflicting with Glenmoor, will have an earlier hearing, to be set today.

Last week Supervisor Chester Stanley said he favored placing the recreation district hearing ahead of Glenmoor's because "it takes in the whole district, while Glenmoor's is smaller."

Seek Patient On Peak Here

A manhunt on the chilly slopes of Mission Peak last weekend turned into a search for an Agnew Mental Hospital escapee.

The hunt began when a horseman, A. E. Durazo, of Hackamore Lane, Warm Springs, reported to sheriff's deputies he passed an elderly man carrying a sack and acting strangely near the Manuel Bettencourt ranch, on the peak's slopes.

Investigating officers discovered the Bettencourt home had been broken into while the owner was absent. They launched a hunt for the burglar.

Then Agnew authorities reported the escape of Lewis Park, a senile patient. Park's description matched that given by Durazo.

The missing patient still was unbound today. Sheriff's Capt. R. E. Condon said the Bettencourt place had been looted

Township Group Adopts Bylaws

A constitution and bylaws were adopted Monday night by the steering council of the new Citizens' Committee For Study of Washington Township Self-Government.

Six towns — all except Newark and Alvarado — were represented at the meeting in the county office building.

Secretary Vernon Ellsworth was directed to write letters to 176 civic, fraternal, veterans and other organizations, advising them of the group's aims, its program and committees.

The organizations will be asked to submit names of qualified persons to serve on the committees.

Permanent officers were nominated for election at a meeting in December. They include Wallace Pond of Irvington, president; Vernon Ellsworth of Niles, secretary; and Dan Irwin of Centerville, vice-chairman. Pond and Ellsworth are serving now in temporary capacity.

The committee was formed October 29 to explore the possibilities of making a city out of several Township communities. Meantime in San Francisco, an official of the Coro Foundation said lack of Township interest in a proposed professional survey of cityhood has led the foundation to withdraw its application for funds to finance it.

Samuel Sewall, assistant director, said Coro wrote all local chambers on October 21 asking (Continued on page 8)

Blacow Will Retire From Niles Bank

Impending retirement of Robert A. Blacow, banker in Washington Township for two generations, was announced today.

Appointment of Ralph E. Carmichael as Manager of First Western Bank and Trust Company's Niles office, succeeding Blacow, who is retiring January 1, was announced today by T. P. Coats, chairman of the board.

Carmichael is being transferred from the Marysville office of First Western Bank, where he has held the position of Assistant Cashier since 1950. He joined the organization in 1946.

Coincident with the appointment of Carmichael as manager of the Niles office, Miss Rosaline M. Egan was named assistant cashier. Miss Egan has been a member of the staff at that office since its inception.

For many years, Blacow has been one of the most active and best known community members in southern Alameda County. He will continue to serve the First Western Bank in a consulting capacity as chairman of its Advisory Board of Directors for the Niles, Irvington and Alvarado offices.

Blacow's family came to the Township in 1851. For years their family home stood opposite the present high school, on a site now occupied by the Lutheran Church.

Born here 65 years ago, Blacow graduated from Washington Hi in 1907, worked three years for the County purchasing agent's office, then returned to Alvarado in 1910 to work for the Bank of Alameda

May Ranch To Be Used For Factories?

The Township was warned Tuesday to prepare for industrial development of a 700-acre ranch near Decoto.

Guilford Koch, secretary of the Alameda County New Industries Committee said heirs of the August May Estate informed him they will develop the May Ranch next to the present U.S. Pipe & Steel factory for industrial use.

"That means you'd better plan now for sewer and water service there," Koch warned Township representatives at a meeting in Oakland.

On hand were three new members from this area: Gordon Dubuque, Jack Prouty and Stuart Nixon.

The committee is investigating a complete aerial map of this end of the county, to stress vacant industrial sites.

Planning Commission About-Face Gives Kroll Green Light For Homes In Factory Zone

County planning commissioners reversed themselves and ignored their professional staff last week in voting a use permit to allow Kroll Builders to construct 150 homes in a Centerville industrial zone.

On Tuesday, the Supervisors followed suit and granted Kroll the use-permit. Construction will proceed at once.

On October 18, the commission denied Kroll the right to

build in the area immediately east of the Visking plant and between Central Avenue and the Southern Pacific Railroad.

But last week the Supervisors, who appoint the commissioners, heard Kroll petition on the basis that the firm would lose \$161,000 because it had bought the 30 acres involved, and had gone ahead with building plans. Then the Supervisors promised to "correct this gross injustice,"

in the words of Supervisors Harry Bartell.

Planning Director John J. Thomas warned the commission that to reverse itself "would undermine the validity of all commission action and indicate complete lack of policy."

But Thomas' advice was disregarded. Commissioner George Dugan who was the only member originally to advocate Kroll's permit, moved for the reversal on the grounds that tract maps had been approved before Centerville was zoned, that:

"... the builder has a hardship, and that the county has an obligation to stand behind its commitments."

Attorney John C. Houlihan, for the builders, declared at both meetings that he had petitions signed by 500 persons in Centerville protesting denial of the permit. The petitions were not scrutinized. Houlihan also declared the Centerville Chamber of Commerce "had undergone a change of heart."

Actually, the chamber agreed earlier in the week to stand on its original recommendation that the tract be residential along Central Avenue but industrial along the railroad.

In the vote, Dugan, Commissioners Fred Mellmann and Michael Markovitz voted for the reversal. Commissioners P. J. DeBernardi, John Gardell and Joseph Todd made no audible response, the minutes showed; and Commissioner R. J. Wright was absent. However it was doubtful that the issue would be questioned because of a technical lack of majority, officials hinted.

Bartell said he based his stand on the theory that "investors in Alameda County need (Continued on page 8)

TB Seal Sale Starts Here Monday; Workers Pledge Success At Kickoff

Washington Township community leaders today had put their seal of approval on Alameda County's voluntary anti-tuberculosis movement, at the same time pledging to put Christmas seals on their holiday mail as a means of helping continue the TB fight.

All set for Monday's (November 22) official start of the 1954 sale of the penny holiday stickers to finance work of the Alameda County Tuberculosis and Health Association, representatives from all sections of the township and neighboring areas met at the Niles Congregational Church November 10 for a pre-campaign meeting.

There at a luncheon arranged by Mrs. J. R. Whipple, township seal sale chairman, they heard speakers discuss the problem of tuberculosis and what can be and is being done about it, and they previewed the colorful seal upon which the future of the voluntary TB movement depends.

They heard D. James Malcolm, Alameda County health officer; Ben R. Aiken, Jr., president of the TB Association; E. W. Samuel, Alameda County seal sale chairman, and Merwin L. Noble, executive secretary of the TB Association, stress that the problem of TB in the United States today is one of the living rather than of the dying.

The number of deaths from TB is decreasing each year while the number of new cases is increasing, it was emphasized.

The local and state pictures conform to the national pattern, the speakers declared.

New cases in Alameda County in 1953 totaled 545 compared with 510 for the previous year.

TB can be cured and it can be prevented from being spread to others, they emphasized, but first it must be detected.

"This," said Dr. Malcolm, "is going to take more work, more time, more money and more organization."

The health officer commended the TB Association on the merit of its program and declared "the

The two girls, who are participating in the current school press project of the Alameda County Tuberculosis and Health Association, were among special guests at Washington Township's Christmas Seal sale "kick-off" luncheon November 10 at the Niles Congregational Church.

Health Department's work is strengthened by TB Association work."

Speakers also paid tribute to Mrs. Whipple, who has spearheaded TB Association activities and the annual Christmas Seal sale in Washington Township for nearly 40 years, and to all of her co-workers.

Edward E. Enos, co-chairman of the township's seal sale committee, presided at the luncheon for representatives of schools,

churches, commerce and industry, women's clubs, P.T.A.'s and mothers' clubs, and service organizations.

Township community chairmen are: Mrs. Genevieve Dutra, Alvarado; Mrs. Allan E. Walton, Centerville; Mrs. Alwin Searles, Decoto; Mrs. Carmelita B. Freitas, Irvington; Mrs. T. D. Withers, Mission San Jose; Mrs. Elmer Harris, Newark; Enos, Niles, and Mrs. J. S. Brown, Warm Springs.

Kraft Wins National Award From Builders In New York

C. W. Kraft, president, Kraftile Company, Niles, was named today as one of the three men in the United States who have contributed most to the American economy through the advancement of Modular Measure.

Announcement was made today by Vice Admiral George F. Hussey, Jr., managing director, American Standards Association. Admiral Hussey also announced Kraft was presented an award at the ASA's Annual Meeting Session of the Fifth National Conference on Standards, November 15, in Hotel Roosevelt, New York.

Recipients of the citations were recommended to the American Standards Association by a joint committee representing the National Association of Home Builders, the American Institute of Architects and The Producers' Council. Presentation was made by M. Edwin Green of Lawrie and Green, Harrisburg, Pa., and chairman of Committee A62 on Coordination of Dimensions of Building Materials and Equipment.

Also chosen to receive the Modular Measure Award are: Harold D. Hauf, head of the Department of Architecture, Rensselaer Polytechnic Institute and C. E. Silling, architect, Charleston, West Virginia.

Modular Measure is a system of coordinating the designer's dimensions for a building with the actual unit sizes of the materials of which it is to be constructed. This is accomplished by using the American Standard 4-inch module as the least-common denominator when setting up the dimensions of a building or when fixing the stock sizes of a building product.

The American Standards Association is the national clearinghouse for voluntary engineering, industrial, safety and consumer standards. It is made up of 115 technical societies, trade associations, consumer groups, and 2300 individual company members.

Yule Funds Total \$146,296 Here

A golden tide of dollars was loosed in the Township this week, as banks here paid out \$146,296 in Christmas Club funds.

It was the largest dividend in local history.

Biggest fund disbursement was made by the three branches of the First Western Bank & Trust Co., (formerly Central Bank), located in Niles, Alvarado and Irvington. Total: \$92,000.

The Bank of America announced its Yule funds hit \$38,000, while Newark's Central Valley Bank paid clubbers \$16,296.

Local merchants anticipate much of the money will be used for Christmas shopping. Some traditionally goes to pay county taxes, which fall due in November.

\$4,000,000 SHOPPING CENTER FOR IRVINGTON

Plans for a \$4,000,000 shopping center to serve 50,000 people were unveiled Tuesday before the Irvington Chamber of Commerce.

John Stevenson, rancher, showed the plans he has in partnership with the Stanley Davis Organization for 32 acres he now owns at the southwest corner of Highway 17 and PG&E Road.

Stevenson appeared to get chamber sanction for his center. The County Planning Commission will hear his request for rezoning from residential to commercial use on November 29. Meantime, the commission had asked for "an expression of local opinion."

The chamber took no action, but referred the plan to its zoning committee, headed by William F. Humpert, for a report next week.

Stevenson said the center will be comparable to San Francisco's Stonestown, or to the huge Northland center near Detroit which was planned by the same architect — Victor Gruen — who worked on the Davis-Stevenson project.

It is to contain a major department store, a "junior" department store, a supermarket, specialty shops and a restaurant.

Stevenson added that the Davis Organization has options

on 800 acres surrounding the center — 500 belonging to Stevenson — and that it plans 3900 homes eventually.

The firm of Larry Smith & Co. which conducted studies for the site, said Stevenson, informed him that the Town-

ship now has \$24,000,000 in buying power, but that little of this is spent locally. By 1960, the survey predicts, spendable income here will have risen to \$50,000,000.

"We want to keep that locally," Stevenson concluded.

New Pastor At Irvington

The Rev. Leslie G. Mayo has become the new minister of the Irvington Community Church (Presbyterian). He succeeds the Rev. C. Cecil Rhoades, who has become pastor of two churches in Pennsylvania.

A native of Alameda County, Mr. Mayo was graduated from Albany High School in 1946. He then attended Whitworth College, Spokane, Washington, where he majored in psychology, receiving his B.A. degree in 1950. He entered Princeton Theological Seminary, Princeton, New Jersey, and was grad-

uated in 1953 with the degree Bachelor of Divinity. In the fall of that year he was ordained by the Presbytery of San Francisco.

Mr. Mayo comes to Irvington after having served for one year as Assistant Pastor of Calvary Presbyterian Church of San Francisco.

"The Irvington area, with the tremendous growth it is beginning to experience, presents a tremendous challenge," says Mr. Mayo. "I am confident that with God's help our congregation will be able to meet that challenge."

Thanksgiving Services Here Wednesday

Washington Township — wide Thanksgiving Services will be conducted by several ministers on Nov. 24 at 7:30 p.m. at the Newark Assembly of God Church.

Gordon Cotton and Dr. Conrad Anderson will give the formal Thanksgiving address. Musical numbers will be presented by the Niles Baptist Church.

During Monday's Township Ministers Association meeting discussion centered on ways to control the comic book problem.

Dinner was served to the ministers by the ladies of the First Baptist Church, Centerville, where the meeting was held. The Rev. Joseph Sherman was host pastor.

Dance Saturday

The Newark Teen Club, sponsored and supervised by the Rec' district, will hold a Fall Harvest Festival Dance at the Community Center from 8 to 11 on Saturday night, November 20.

Admission to the dance will be one can of food to be placed in a basket for distribution to a needy family for Thanksgiving.

The Teen Club has adopted a set of rules governing conduct, dress and activities during its evening at the center. The membership is limited to teenagers (13 to 19) living within the Newark recreation district and attending school. However each member is allowed to bring one guest to the center and the member is responsible for the conduct of his guest.

Officers of the club include: Eddie Santos, president; Duane Carnes, vice president; Shirley Brannon, secretary, and Gaye Carroll, treasurer.

Meat 'Bonuses' At Centerville Food

Township shoppers have a chance at a "fortune" in free meat as a result of the grand opening of the Centerville Food Market this week-end.

Owner George Gong and his brother Bill, manager of the meat department, announce two choice hindquarters of beef, two large turkeys and 20 pounds of weiners will be given away to some lucky shopper.

The meats are furnished through cooperation of the following suppliers: Philip Ferrara Meat Co., Acme Meat Co., Dan Martelli Poultry, and F & M Packing Co.

Crusade Nets \$31,787 Here

United Crusade contributions for Washington Township totaled \$31,787 this week, aided by a whopping \$5540 pledge from Niles' Pacific States Steel and American Forge.

Industrial Chairman Gordon Dubuque reported \$3190 from Pacific States employees, and a \$1200 company donation. American Forge gave \$500 and its workers \$650.

Meantime the residential workers under Mrs. Byrde Duffey inched to within \$750 of their goal by totting up \$5450. Education stands at \$1797 and small business at \$1700, according to Township Campaign Chairman Don DeForest.

Huskies End '54 Grid Year Friday Against Tough Bucs

By JERRY SANFORD

Washington HI closes its 1954 football season against Campbell Friday in a game scheduled for the Campbell gridiron.

Clyde Voorhees' injury-ridden Huskies need a win to stay out of the SCVAL cellar. The Centerville club is a definite underdog against a powerful Campbell eleven.

Voorhees' men had a two-week respite to their wounds when rain forced cancellation of a practice tilt against San Francisco Poly last Thursday. The Huskies thus may be at better strength against the Buccaneers than they have been for the past weeks.

James Lick's Comets jumped from fourth to tie for first in the SCVAL with Santa Clara as they came from behind to defeat Fremont, 18-13 last Friday. Fremont had taken an early 13-0 lead by scoring twice in the first quarter.

Santa Clara lost their first game of the season as they bowed to Campbell by a score of 14-12. Rex Kendall added both extra points for the Buccaneers. Most observers believe that the outcome of the game would have been different if Santa Clara's hard-charging fullback and place-kicking specialist Fred Blanco had played.

In the only other game played, Los Gatos rolled over the Mountain View Eagles by a 26-6 score.

Larry Fisher was the big gun for James Lick as he scored two touchdowns for the Comets. Fisher caught a 17-yard pass from quarterback Hal Nakaji for his first TD in the second period. In the third quarter he returned a punt 60 yards for a touchdown.

Bud Young and Jim Sparks each tallied twice in leading Los Gatos to victory. Young put the Wildcats in the lead by running the opening kickoff back 70 yards for a score. He scored his other TD in the second period from six yards out. Sparks scored on runs of 26 and 16 yards.

'C' Hoopmen Lose; Cinch Part of Crown

By JERRY SANFORD

The Washington High C basketball has cinched at least a share of the SCVAL championship even though they lost to the Campbell C's, 32-26, last Wednesday afternoon.

Washington now has a 5-1 record and Campbell, 4-1. If the Bucs lose this week Washington will take undisputed possession of the title. A Campbell victory would mean a co-championship for the two teams.

Ted Konemoto took scoring honors for Campbell with 12 points, while Hiro Kurotori had 8 and Eddie Santos 7 for the Orange and Black.

Campbell took a halftime lead of 23-3 as they scored 15 points in the first quarter to none for Washington. Washington rallied in the second half but couldn't quite catch up.

Washington's D's in their last game of the season scored their first victory of the year. Dennis McKenzie stole the show as he poured 17 points through the hoop in leading his team to a 26-22 victory over the Campbell D's. McKenzie's performance was

Newark Plans To Go Ahead With 'City' On Its Own

(Continued from Page 1)
ring Road "for better local control".

Significant was the fact that representatives of at least two important Newark industries served on the subcommittee which rendered the boundary report. It was hinted that a compromise left them satisfied in contrast to the stand they took against cityhood earlier this year.

Pashote reported that the industrialists "went along." Said subcommittee member Harlan Bradley of Leslie Salt Co.: "Leslie was willing to include all our industrial or residential land that conceivably could be used. We feel however that salt ponds don't belong in a city."

Cost of the project will determine the degree of industrial backing, it was also hinted.

Cotton, in his report two months ago to the Chamber of Commerce, calculated expenditures and receipts of the "City of Newark" would balance each other at about \$70,000 a year, and that only about 25 cents per \$100 would be needed for reserves to put the newborn city on a sound financial base. Kroeger & Associates will be asked to verify these figures.

When William Tolley raised the question of a future harbor within the city limits — a harbor he warned might be grabbed by some other city, Bradley replied:

"I'd be more concerned about protecting the good industrial

land between Newark and Alvarado from Hayward."

All subcommittee reports were accepted. Then Arthur Cotton, chamber of commerce president, submitted the Niles letter asking for representatives on the Township government study group.

It originally had been sent to the chamber of commerce, but Cotton declared that body "has completed its city studies and doesn't want to become further involved," so "you've got it."

First Pashote and then Pine moved the letter "be placed in File 13" (the wastebasket.) There was general laughter. Then Willburn and Bradley

demurred. Said Bradley:

"Even though Newark proceeds with this study and becomes incorporated, we're still part of an overall community — the Township. People work here, live somewhere else, shop in Centerville. I don't like to see intercommunity antagonism and lack of cooperation."

"I live in Menlo Park, and I see all their intercity problems and antagonisms. This is something that should not be taken lightly, but should be considered seriously."

However on a vote, Pine's motion to table the Niles invitation passed without dissent.

Next step for the committee is to prepare boundary maps, while the finance committee attempts to raise \$500 or more. Then the maps will be (1) appraised by Kroeger & Associates, (2) brought again before the Citizens' Committee with Kroeger's report, and (3) finally presented to county officials at the time the committee determines an election should be requested.

Legal complications almost certainly will postpone such a step before next spring. Then if an election is successful, Newark could become a city in time to get on the 1956 tax rolls.

More About Township 'City' Study

(Continued from page 1)
if they would support a Coro survey with backing and cash. Sewall said only two members answered, and that only one replied in the affirmative.

"Since success of such a study depends on wide interest and support," he explained, "We have withdrawn our request to the Columbia Foundation, with the understanding we can re-apply later if interest justifies it."

Coro was to have sought half the estimated survey cost of \$15,000 from Columbia. Local and county interests presumably would have underwritten the balance.

The Coro executive also explained Kenneth Norris, consultant who was to have run the survey, has left Coro employment to work for a state association. This reduces the foundation's field staff and makes a Township survey impractical for the moment.

The self-government committee headed by Pond intends to conduct the same sort of survey, patterning it after a Coro study made here in the spring of 1953.

At Last! Niles Zone Hearings!

First to ask for protective zoning, Niles this week learned it will at last have a chance to present its case to the County Planning Commission.

The commission will hold the first public hearing in Oakland on December 8 aimed at zoning the Niles School District.

More than five years ago, the town first sought zoning, now in force in all the larger Township communities. The December 8 hearing takes place at 1:15 p.m. in the Oakland courthouse.

Night Meetings For Niles CC?

A survey to determine if the Niles Chamber of Commerce should hold one night meeting per month — as Irvington does — is being undertaken by a chamber committee.

Chairman E. C. Parks is to contact town merchants and see if they would be better able to attend the night session. Three noon meetings would be retained under the suggestion, submitted Tuesday.

County Firemen Meet Tomorrow

Alameda County Firemen's Association will meet at the San Leandro Fire Department on November 19, at 8 p.m. Host will be Chief Manuel Rodriguez.

County Building Inspector Marcus Carlson will be guest speaker and will talk on the proposal of the new county electrical ordinance.

Election of officers will also take place. Installation of the newly elected officers will be in December at the Fair Grounds in Pleasanton.

More About Kroll Permit

(Continued from page 1)
the maximum protection we can give them."

Opposing the switch, a report from Thomas declared:

"This proposed tract is in an area logically situated, and recently zoned for industrial use. It is surrounded by the Visking corporation on the south, Southern Pacific railroad on the west, F. E. Booth company's cannery on the north, and fronts on Central avenue, a proposed major thoroughfare."

To now reverse county policy by the issuance of such a wholesale use permit would undermine the validity of all commission action and indicate complete lack of policy."

R. D. Rodenberger, industrial agent for the SP, appeared to ask the land be kept industrial because Centerville has very little such property suitable for factories, and "factories pay your taxes."

"The subdivider proceeded in good faith and in full compliance with subdivision procedure," Houlihan countered. "I can't conceive of any greater hardship than to deny him this permit."

The attorney said failure to receive a county okay to proceed with building has placed Kroll Builders in "a precarious position financially."

Effect of the county decision would be far reaching, Houlihan predicted, because home builders, title and insurance companies, and money lenders are watching it for indications of county policy toward subdividers, with approved maps.

County, owned by the late August May.

Blacow went to Niles in 1919 as manager of the bank's branch there. By the time it was sold to the Central Bank in 1938, he had risen to the post of cashier for the three-bank chain.

Then he was named manager for Central Bank in Niles. The parent bank was bought by the San Francisco Bank this year and subsequently the entire system changed its name to First Western Bank & Trust Co.

CADILLAC for 1955

Presents the Most Beautiful and Finest Performing Motor Cars in Its History!

The spectacular new Eldorado, a dramatic interpretation of the new Cadillac styling, offers many unique features, including a new 270-h.p. Cadillac engine.

This is one of the most significant new-car announcements in Cadillac history.

For it introduces to the world's motorists the most magnificent creations in Cadillac's fifty-three years of motor car production.

Three new Cadillac series are offered for your consideration in 1955—the famous Series Sixty Special, the beautiful Series Sixty-Two, and the distinguished Series Seventy-Five... in addition to the spectacular new Eldorado.

They are, as you can readily see, magnificent

in beauty—with a new, jewel-like grille and front-end assembly... with dramatic and graceful new sculptured side styling... and with added dignity and bearing in every detail.

They are magnificent, too, in performance. There is a new Cadillac engine, the most powerful ever offered in a production motor car... an improved Hydra-Matic Drive... advanced Cadillac Power Steering... and, as an option at extra cost, refined Cadillac Power Braking.

And they are magnificent in luxury... to a

degree unusual even for Cadillac. Their interiors are almost unbelievably beautiful... and they are offered in a remarkably wide selection of gorgeous new fabrics and leathers.

Beyond any question, these new Cadillac creations represent a new Standard of the World—and we urge you to see and inspect them today in our showroom.

You will be most welcome—and we know you will find your visit one of the most interesting experiences of your motoring life!

WE GIVE 5&H GREEN STAMPS

Township leaders today called for passage of a flood-control bond issue at an election to be held December 7 in Niles, Centerville, Newark and Decoto.

A citizens' committee headed by James R. Meyer declared the bonds "vital to orderly development of the Central Township," and pointed to recent growth of the Irvington area, where a similar bond program was successful last year.

The December 7 ballot is to obtain voter approval for \$3,987,000 in bonds which would finance curbs on Alameda Creek — which inundated the area in 1952 — and for drainage canals which would permit building homes and factories.

Said the committee: "Residential, commercial, and industrial development of this area has become increasingly difficult because of the lack of adequate flood-control and storm-drainage facilities. Desirable, high-value industries, whose high assessed valuations we need to reduce our tax rates, will be discouraged from locating here unless this problem is solved.

"As we all know, covering agricultural lands with homes, industrial and commercial buildings, paved streets, sidewalks, driveways, parking areas, and other impervious surfaces, adds very greatly to the amount of storm-water runoff. Unless adequate storm drains and channels are provided to carry this increased storm-water runoff safely to San Francisco Bay, it can cause serious damage from erosion and flooding, with attendant menace to public health, depressing effect upon property values in the entire community, and hazards to vehicular traffic, pedestrians

and school children.

"Because of many existing flood and storm-drainage problems and the lack of adequate storm-drainage facilities in Zone No. 5, the local government agencies have had to adopt a policy of denying approval to any proposed development which would be subject to flooding or which would add to an existing flood problem, or create new ones by increasing the amount of storm-water runoff. Thus, it is readily seen that the problem has a direct bearing upon the future development of most of the remaining vacant lands in the zone. Since the future development of this area must take place on the remaining vacant lands, the problem of providing adequate flood control and storm drainage in Zone No. 5 is of concern to every property owner in the zone."

On Monday, Meyer told the Centerville Chamber of Commerce the zone "will cost 50 cents per \$100 or less per year — about 90 cents a month on the average home." He declared:

"This is a real bargain."

The statement continues:

"To solve the problem confronting us will require the construction of a comprehensive project of flood control and storm drainage to serve the entire zone. This is one of the basic requirements of any developing area, and must be faced sooner or later. The longer we wait, the more expensive it will become.

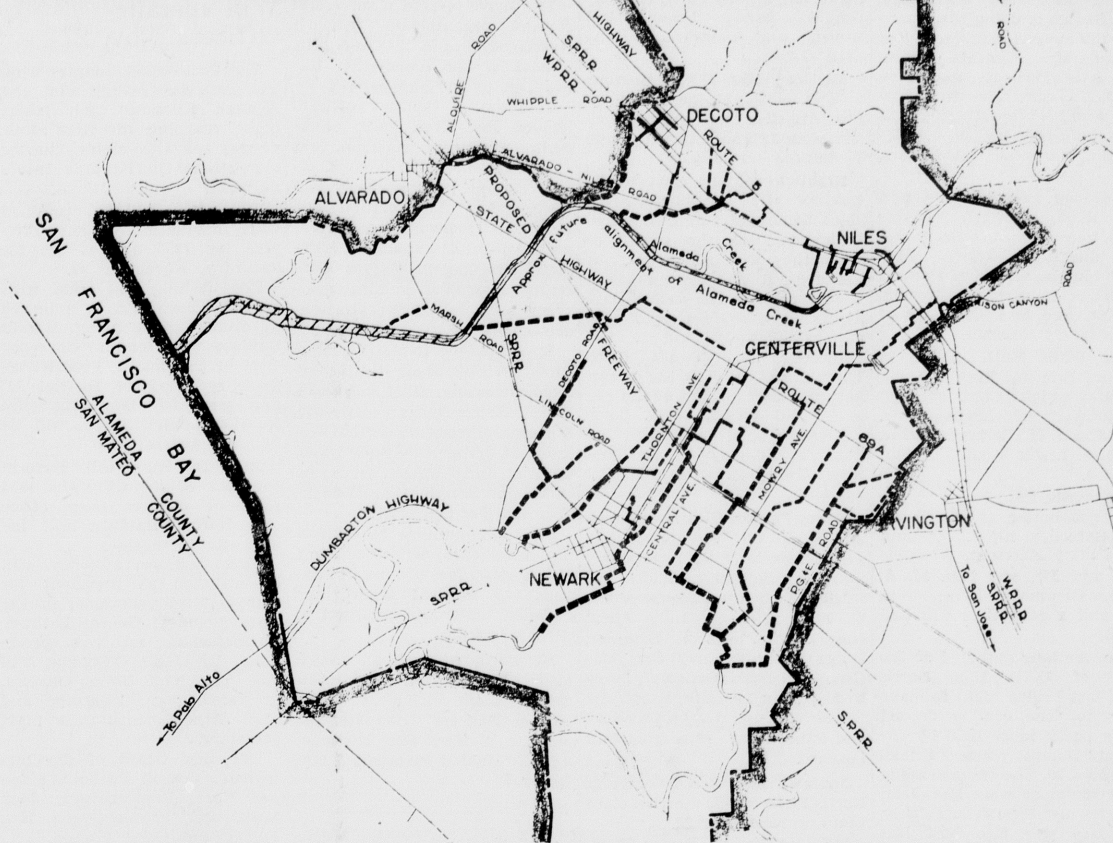

"If the bond issue fails to pass, the project would have to be financed by a direct tax or 'pay-as-you-go' method (without bonds). Under the 'pay-as-you-go' method, the tax rate would have to be considerably higher than under the bond issue method, if the project were to be completed within a reasonable period of time. The District already has the authority to finance the Zone No. 5 Project by the 'pay-as-you-go' method in the event the bond issue fails to win approval.

"If, as expected, high-value industry moves into the zone as the result of flood protection, it would help the over-all tax picture in the entire area. Such industry has much higher assessed valuation per acre than residential areas, and requires far less services."

Principal features of the Zone No. 5 Project include the following:

1. Improvement of Alameda Creek in two stages: first, a limited improvement with local funds by acquisition of easements and rights of way, channel clearing, repair and strengthening of levees, construction of percolation wells for water conservation, and dredging in the lower reaches; and, second, complete solution of the flood problem on Alameda Creek by a Federal project with State assistance and local co-operation by Zone No. 5.

UP TO VOTERS—Map shows boundaries of County Flood Control District's Zone 5, which goes before electors of Niles, Newark, Centerville and Decoto on December 7. Zone was formed last January by Supervisors, but \$3,987,000 in bonds are needed to

put it into effect. Drainage canals would be installed with this money, while Federal Government would straighten channel of troublesome Alameda Creek (center).

New Chrysler, Now Showing Here, Stars 250-H.P. Motor

The completely new, long and lean 1955 Chrysler went on display Wednesday, November 17 in 3,200 dealer showrooms coast to coast.

"The 1955 Chryslers are totally new from bumper to bumper with a fresh concept of styling that initiates a trend in automotive design," said Lloyd Edgren, local dealer in Centerville. "Chrysler stylists have created a slim, vigorous motor car whose power of attraction matches its power of action."

"Two V-8 engines — a more powerful 250-horsepower Fire-Power V-8 in the New Yorker Deluxe and an entirely new 188-horsepower Spitfire V-8 in the Windsor Deluxe — offer outstanding performance. For 1955

we offer fully-automatic Power-Flite range selector on the dash, Flite transmission, new Power-full-time coaxial power steering, a new double-width-pedal power brake, rigid frame and new suspension, and many other chassis improvements."

The 1955 Chryslers are offered in two lines this year — the Windsor Deluxe and New Yorker Deluxe. Both lines have a wheelbase of 126 inches. The Windsor Deluxe is available in a six-passenger sedan, Nassau hardtop coupe, Newport hardtop, convertible and Town and Country wagon. The New Yorker Deluxe models are available in a six-passenger sedan, Newport hardtop coupe, new St. Regis special two-tone hardtop coupe, convertible and Town and

Country wagon. They are available in a choice of 17 solid colors and 26 two-tone combinations.

"The 1955 Chrysler's high styling stems from clean, low lines; taut, sleek metal work and careful proportioning," Edgren declared.

The long hood sweeps downward between sharply defined fenders and projecting headlights with a feeling of power and assures a close-in view of the road and fenders. The divided two-element functional box-check grille set over a third opening extending across the front of the car emphasizes width and lowness and is topped by a new stylized Chrysler hood ornament.

On the New Yorker Deluxe a floating bar bumper guard runs across and above the bumper with oval parking lights at each end. Contour line bumpers wrap around the front fenders and extend to the wheel openings

No Protests At Irvington Sewer Annex Hearing

No protests were registered at last week's public hearing on annexation of a 700-acre area in Warm Springs to Irvington Sanitary district.

A total of 53 property owners have signed petitions requesting the annexation.

Installation of sewers in the area, as well as in annexations represented in Driscoll road and PG&E petitions, should begin by the end of February, it was announced by R. J. Wright, board chairman.

The latter two petitions now are in the hands of Alameda County Boundaries commission, Wright said.

Guests of Mrs. Roches

Mrs. and Mrs. John Espinola of Pleasanton were dinner guests of Master Sgt. and Mrs. Roches and daughter Lynette of Cabrillo Park.

Mrs. Roches celebrated her birthday on November 6, and was a dinner guest of Mrs. Bea Scheibert of Irvington.

The Ben Klassen and Mrs. T. M. Brooks tasted the benefits of a Community Concert Association last week without having one in their own community. They attended a concert of the Paganini String Quartet sponsored by the Community Concert Association of Redwood City. Mr. Klassen has been appointed Vice-president and General Chairman of the local group working out plans for bringing Community Concerts to Centerville. He will be in charge of membership. Mrs. E. J. Fabbri of Glenmoor Drive has joined the force as Treasurer and Mrs. Mary Goodwin has agreed to handle publicity.

Bob and Edward Marin of Sterling Drive were hosts to the younger set Friday, November 5 after the game. Enjoying the hospitality of the Marin home were: Dave Koelsch, Milton Martini, Jerry Meyer, Jack Griffith, Craig Ballote, Dick McMurphy, Joe Alter, Marsha White, Wanda O'Mara, Jackie Voke, Caroline Keili, and Vivian Sagulia. Mr. and Mrs. Bowman Hall from Elliot St. came over and helped out.

Out-of-town guests at the Ludemann home on Sterling Drive recently were Mr. and Mrs. R. A. Bodenhamer, Mrs. Ludemann's parents. They left Glenmoor for their home in Idaho November ninth.

Mr. and Mrs. Ben Klassen will spend Thanksgiving with her folks in Shasta.

Carob Branch of Children's Hospital, a Glenmoor proposed affiliate, will get under full steam by January 1 according to Mrs. Alice Horejsi, new temporary chairman. A committee of the group met November 8 at the home of Rose Siatt, Sterling Ct., to write the by-laws of the new organization. The by-laws as written were approved by the entire group of eleven charter members at a meeting held November 11 at the home of Mrs. Alice Horejsi. Carob Branch members attended an exhibit tea of the sixty-six braves given at the Claremont Hotel in Berkeley yesterday.

In again, out a, in, up again, down again. Fran and Bill Paulson on Evans Avenue bought their new home in Glenmoor the last week in October. They leave tomorrow for Los Angeles where Bill will go to work on his new job as South District Sales Manager for the Orangeburg Manufacturing Company. His new territory will embrace Southern California, New Mexico, and Arizona. Anybody want to buy an almost new house?

Five couple partied at the Weed home on Norris last Saturday night. They all went into Hayward bowling and then enjoyed a buffet supper together.

Mrs. Gallego's mother, Mrs. Lea Hagen, is visiting at the Gabriel Gallego home on Sterling Drive. She arrived last Sunday from Sacramento. Four-year-old John Gallego has just gotten home from a visit to the hospital where his tonsils and adenoids were removed November 2.

Five-year-olds had their day at the birthday party for Pat Diamond yesterday afternoon. Pat will be five on Thanksgiving Day so his mother moved up the celebration. Those enjoying the fun were: Sherri Souza, Gary McGregor, Duncan Borshay, Linda Belz, Bernadette Lau, Jimmy McGilhon, Ruth Nickerson, Jimmy Park, Timothy Gomes, Randy Logan, Pat Browne, and Andrew and Kenneth Groch.

Mr. and Mrs. O'Neil Burrows took a short business trip to Los Angeles last week. They left Monday and returned home Wednesday evening.

Highlight of the past week end for the Jim Logans, the John McGregors, and the Noel Diamonds, was the school of seals they saw off a pier at Santa Cruz. The three families from Mattos Drive were vacationing at the Mc Gregor cottage at Ben Lomond in the Redwoods near Santa Cruz. They drove over to the ocean Saturday and got out of the car to go out on the pier. Some one saw a head bobbing in the water, then another and another. Twelve seals were in the school.

Nancy Parker, Glenmoor Court, was seven on Wednesday. She will celebrate with a birthday luncheon Saturday. Those attending from the school-set will be Polly Phillips, Judy Allen, Judy Mento, Sharon Brunner, Peggy Smith, Nancy Sue McGilhon, all from Glenmoor, Molly Dunlap, San Leandro, Patsy and Bonnie Townsend from Oakland, and Sandra Patterson from San Lorenzo.

Mr. and Mrs. Ben Klassen of Norris Road will be married eight years on November 22.

Mr. and Mrs. O. Porter Tausheck celebrated their seventh wedding anniversary last Tuesday.

The Winston Sehrt's on Whitfield were surprised Sunday night by a whing-ding of a party. A caravan of twelve cars wended their way through the development and stopped at the Sehrt home at two o'clock in the afternoon and nearly fifty people descended on the unsuspecting hosts. There were two uncles of

Formation of a Washington Township Community Concert Association to bring the world's finest musical artists to this area was announced here this week.

The move revived a successful concert organization which flourished here in 1948 and 1949.

Goal of the association has been set at 800 members.

Community Concert officers include Rev. Tom Fuhr, president; Dr. Conrad Anderson, first vice-president; Bernard Klassen, second vice-president and Membership Chairman; Mrs. Kenneth Goodwin, third vice-president and Publicity Chairman; Mrs. Eugene Graves, Secretary; Mrs. Ed J. Fabbri, treasurer; Mrs. Charles Johnston, correspondent.

Appointments to the Board of Directors is about one-third complete, including, as of this week, Father Ralph Duggan of Decoto, Eugene Graves of Niles, Tom Maloney of Centerville, Stuart Nixon and Judge E. A. Quaresma of Mission San Jose, and Dwight Thornburg of Centerville.

Most communities in California have such an association. Membership fees are used to engage top musical talent, and members only are admitted to the concerts.

Hayward has such an association. This season performing artists there include the Lola Montes Dancers, Leon Fleisher, pianist; Yi Kwei Sze, baritone; and the famed Budapest String Quartet.

Mrs. Sehrt from Seattle, Washington, and friends and relatives from Tracy, Burlingame, San Port Ord, Hayward, Oakland, Antioch, Walnut Creek, and Mill Valley. Ten cakes appeared from nowhere and disappeared somewhere along with three pounds of coffee. The whole affair was carefully prepared by Mrs. C. O. Sehrt, of Hayward, Mr. Sehrt's mother and their good friend, Mrs. Enid Wasko of Hayward.

"That's the biggest surprise I've ever had," says Mrs. Sehrt.

Plans for an association meeting here will be announced soon by Dr. Fuhr.

Newark Kiwanis Will Install Officers Nov. 27

The Castlewood Country Club will be the setting for the Newark Kiwanis Club ladies night, marking the first anniversary of the club's charter membership in Kiwanis International.

The affair will be combined with installation of new officers for 1955 and is set for Saturday, November 27.

The evening will start with a social hour and be followed by dinner and dancing. Harold Baldwin, Lieutenant Governor elect of District 11, Fred Kisteman, secretary of District 11, and past Lt. Gov. Jack De Ruig and their ladies will be honored guests.

Jack De Ruig will perform the task of removing the 1954 slate of officers from office and Harold Baldwin will install the new slate.

Charles Snow, attorney, will be installed as president for 1955 and the remainder of the slate includes: George Latham, businessman, 1st vice president; Dr. John O'Connor, 2nd vice president, John Oliveira, insurance man, treasurer and Sam Arnold, insurance man, secretary.

The new board of directors include: Joe E. Paschote, Manuel Rose, Paul Driggs, Jack MacGregor, Frank Gyax, Ken Foster and Gene Carroll.

Sam Scott has been in charge of all arrangements and will serve as master of ceremonies for the evening.

Centerville Elementary P.T.A. will hold their annual whist at the school Friday (tomorrow) at 8 p.m.

Mrs. Elmer Meyer is chairman; A. E. Alameda will be master of ceremonies assisted by Harry Weber; Mrs. Ted Ebbe and Mrs. Ray Bean are co-chairmen in charge of refreshments.

Assisting will be Principal Tom Maloney and Mesdames: Phillip Brazil, M. J. Castro, Mary L. S. George, George Kay, Stebler-Loze, Richard Mendonca, Anthony Knobles, Karl Nordvik, Eugene Ramsell, John Silva, Alonzo Spencer and Vernon Brown.

School children are selling tickets and local merchants have donated the many prizes. There will be a turkey door prize. Refreshments will be sold after the card party.

A cake sale will be held in conjunction with the whist party for the general public and those participating in the whist.

Next meeting of the PTA will be held November 23 at 2:30 p.m. in the school auditorium. Entertainment will be provided by the string section of the orchestra and the eighth grade choral group, directed by Miss Rosalyn Rogers. Refreshments will be served by seventh grade

Soito Pumping Doesn't Lower Levels: Report

Renewed pumping at the controversial Soito Well near Newark hasn't lowered underground water levels to date, directors of the Alameda County Water District were told last week.

Engineer T. C. Binkley reported pumping resumed November 2 over protests of neighboring farmers. However, said Binkley, "water levels in wells in the area have risen from five to eight feet in that time."

The farmers originally obtained an injunction against pumping from the well on Mayhew Landing Road, claiming it was sucking their wells dry. It was also noted that the district is saving \$32 a day in Hetch Hetchy payments for alternate water supplies since re-use of the Soito Well.

Binkley further reported that an alternate well on Thornton Avenue has been drilled 660 feet deep without finding a suitable water supply.

C'ville Zoning Issues Will Be Heard Dec. 13

Two controversial re-zoning items were set for hearing December 13 last week by the Alameda County Planning Commission.

One concerns a 7-acre parcel opposite Blacow Road on Thornton Avenue. Elaine Bruseau has petitioned to have it declared commercial instead of residential, which it is now. This property for a time last summer delayed the zoning of the entire Centerville area, when Realtor Harold Frank tried to have its designation changed.

The second area is a large residential lot opposite the Centerville Grammar School, H. R. Mohr of Hayward wants a use-permit to allow him to build a medical clinic there. This already has been denied by the commission.

tain' the Esther Circle of the Centerville Presbyterian Church at 7:30 p.m., November 18, at her home, 472 Sterling Drive.

James Andrade, of King Avenue and Dorothy Soto of Decoto motored to San Jose for dinner and dancing at the Hawaiian Gardens on November 14.

Mr. and Mrs. Bob Cortez from Santa Cruz had dinner with her parents, Mr. and Mrs. Joe Andrade, of Niles. Irene attended the whist at Newark Pavilion, while Bob was on duty at Alameda Naval Station.

Manuel Bettencourt, of Cherry Lane, is home from the hospital, and has to be confined in bed for three months. He is improving slowly from his recent heart attack.

S. P. R. S. L., Local 79, wish to thank everyone who donated to the committee and their helpers, also to Maurice O'Brien, of Second Street, Niles, and Pete Nunes of Centerville, who helped make the whist a success. We are sorry Father V. O'Connell was unable to attend.

Josephine Rocha, of Irvington, and Manuel Machado Pimentel of Newark were married November 6 at East San Jose Catholic Church.

Around Irvington Square

By HELEN L. BRIGHT

Progress is the word that would best describe our community. It is really interesting to watch the teamwork of the various construction departments.

We now boast a grand total of 37 residents and the expression most usually heard from the housewives is "I didn't dream there was so much floor and storage space—we're going to be so comfortable here!"

Our most recent residents are: **Mr. and Mrs. Frank Phippen** at 104 Montrose Avenue. **Mr. and Mrs. Ray Rede** at 119 Montrose Avenue. Mr. Rede is employed at the Naval Air Station in Alameda. Billy and Barry (age 6 and 7) are in the first and second grades at Irvington Elementary School. Glen is 2½ and Amalia is 1½.

At 119 Montrose Avenue we find **Mr. and Mrs. Gene Bolts** and their two children, Debbie 3 and Stevie 1½ years old. Mr. Bolts works for the Red Star Industrial Service.

Mr. and Mrs. Charles L. Olmstead at 124 Montrose Avenue have 2 children. Gary is 7 and in the second grade and Gwenn is 10 and in the 4th grade—both in Irvington Elem. School. Mr. Olmstead is associated with the L. A. Young Spring and Wire Co.

Mr. and Mrs. William Wells are living at 131 Montrose Avenue. He is employed by the National Cylinder Gas Company in San Leandro. Their only child, Susan, is 9 months old.

We find **Major and Mrs. H. H. Heath** at 132 Montrose Avenue. The Major holds his rank with the United States Marine Corps in Oakland. They have one child, Sharon, age one year.

Mr. and Mrs. Stanley Silva are at 133 Montrose Avenue. At 134 Montrose Avenue are **Mr. and Mrs. David J. Allan**. He is associated with Stollie, Inc. They have three children: Jeffrey, age 2½—Douglas, age 1½—and baby Susan is just 6 weeks old.

There are two new residents on Columbia Avenue: **Mr. and Mrs. William Campbell** are living at 132.

And at 134 Columbia are **Mr. and Mrs. Russell Sperman**. He works for the Feterbilt Motor Company in Oakland. Their daughter, Vickie, will be 3 years old in January. Incidentally, Russell is a brother of Eugene Sparman at 126 Columbia Avenue.

Jersey Road also has 2 new residents: **Mr. and Mrs. Edw. Gallo** are at 5 Jersey Road. Mr. Gallo works for the Military Sea Transportation out of Fort Mason. They have 3 children. Jess is 17 years old and a senior at Castlemont High in Oakland. He will graduate in January. Norman is 16 and a junior at Washington High. Eleven-year-old Sandra is in

the seventh grade at Irvington Elementary School. All are proud of their year old puppy—Christie.

At 9 Jersey Road we find **Mr. and Mrs. Adolph Teves**. He is associated with the University of California Radiation Laboratory in Livermore. They have 2 children—Ronnie age 2 and Bridget age one.

Jamestown Road has one new family, making a total of 3 families on this block. **Mr. and Mrs. Sal Lara** are living at 5 Jamestown Road. He works for the Western Sky in Hayward. They have four children: Margaret age 12 and in the 6th grade—Billy age 10 and in the 4th grade—Jene age 7 and in the 2nd grade and Lorraine age 5 and in kindergarten, all at Irvington School.

Independence Road now has one family, **Mr. and Mrs. Harold P. Hight** are at 10 Independence Road. He works for the Ford Plant in Milpitas. Mrs. Hight's son, Richard Pelum is 10 years old and in the 4th grade at Irvington School.

Mr. and Mrs. Ray Hamro are

IRVINGTON

at 120 Yorktown Road and the only residents on that block at this time.

I finally got to chat with **Mrs. Virgil Small** today. They live at 109 Montrose Avenue. Mr. Small is with the Michaels Roofing and Shingle Company. They have 2 children—2½ year old Stephen and 4 month old Kenneth.

Mrs. M. E. Links has been visiting her daughter, Mrs. Conrad Baumgartner, at 125 Montrose Avenue.

The Irvington Elementary School bus schedule is as follows: All children of kinder-

'Annie Get Your Gun' Is Toyon Benefit Film

The Betty Hutton musical hit, "Annie Get Your Gun" is Saturday's "shopper movie" for Centerville, a benefit film sponsored by Toyon Branch, Children's Hospital.

Russ Osborne, Center Theatre manager, is donating profits to the branch fund. Doors open at 10 a.m., and the show starts at 10:30.

DeMolay Moms Sew For Rites

On November 3 the local DeMolay Mothers' Club started to prepare the robes necessary for the institution of Washington Township Order of DeMolay on November 20.

Under the chairmanship of Mrs. Marian Prouty, Mmes. Rae Gillett, Ruth Metcalf, Florence Kimmell, Margaret Roberts, Irving Cotter, Dorothy Koelsch started cutting, basting and sewing the blue and gold satin material provided by Township support of a pot luck dinner.

Washington Township DeMolay appreciates the support the Township has provided and invites all interested to attend the formal institutional November 20 and invites all boys between 14 and 21 interested to visit the Chapter at 7:30 p.m. the first and third Monday of each month to find out how they can become members.

Mothers interested should phone Mrs. Gillett, Centerville 8-2386, or Mrs. Metcalf, Niles 4651.

Warm Springs Wants Water Service Too

Warm Springs should annex to the water district which serves the rest of the Township, if the local chamber of commerce has anything to say.

A meeting of the chamber last Thursday made this clear when a vote showed unanimous approval of annexing.

Andy Azevedo, chairman of a water committee, told chamber members he expects the trouble won't be getting people to sign up for water service, but keeping out everybody who wants it.

Subdividers have spurred the move by announcing they will build in Warm Springs as soon as it gets water and sewer service. Petitions already have been filed to annex major portions of the community to the Irvington Sanitary District.

Acting President Charles Venturi suggested circulating petitions for annexation to the water district through as wide an area as possible. "Then when the land in these outlying areas is ready for development, we won't have to go through this procedure again for another annexation."

AROUND TOWN

It's amazing the lengths columnists force themselves to in preparing their week's allotment of words. . . the investigations, the cross checking, the day dreaming. . . Musing about what to put in this little effort, we absent - mindedly thumbed through the phone book and were jolted! It holds a veritable fountain of material; such a magnificent fountain, in fact, that we can keep it spouting for weeks.

Like the instance. . . We found a Boatman and a Waterman and we are going to Bragg about that because we also discovered 3 Ferry(s), a Pool, 2 Pond(s), 2 Brooks and 2 Rivers for them. . . and all right here in good old Washington Township. Mentioning rivers reminds us that if you have just Eaton and the entree was Bass, Salmon or Trout you are probably Fuller fish. Ouch!! Okay, so you have had enough for this week, but first let us say that we found a Sunrise Bakery and a Sunset Foundry but the only Nunes we could find were people.

When will your name appear . . . and how?

For some time now a certain gentleman has been buttonholing us at regular intervals and saying, "when are you gonna do something about those lousy railroad crossings on Locust and Walnut." We shrugged him off . . . he's just a little guy. . . but the other day we drove across the railroad on Locust Street and now we know what he means. . . and if you ever do likewise it is advisable to slow down practically to a stop before proceeding across. . . that's what we are gonna do about it. . . okay Lou?

We have heard a wonderful rumor. . . and it should be true before this is printed. . . ground will (or has been now) be broken for the new school this week. . . that's the reason for the smile on

Oakes and Miss Grace Ferguson.

John and Ervina Scarlett celebrated their silver wedding anniversary on Saturday, November 6. Twenty-five years of happiness since their wedding in Modesto, were reminisced during the family celebration with guests including: Mr. and Mrs. Arthur Scarlett and daughters, Cheryl and Susan of Clayton, Mr. and Mrs. Edward Scarlett, daughter Priscilla and Victor Gedde of Livermore and their daughter Shirley Scarlett and Lou Stowell.

We hear Bill See was injured in an accident overseas and is returning to Oak Knoll Hospital for treatment. . . It would be wonderful if he could be home with Nadine and the kids for Thanksgiving, wouldn't it?

Shortie greetings fresh off the wires have happy birthdays inscribed. . . to Madge Dias as she celebrated her ninth on the ninth of November. . . to Claudia Mello who is famous for her delicious cakes and probably baked one for herself on the 16th. . . to Bobbie Ornellas as he celebrated the same day. . . to Barbara Ewing who owing to circumstances beyond her control marks off another year on the 18th, today. . . to Melvin Kahler, 18, and his mom Helen Kahler as their days come side-by-side Friday and Saturday. . . to Gayle and Cathy (we've twins) Chanley as they load up with goodies tomorrow. . . to Marilyn Maciel who will be celebrating her 8th tomorrow and Friday is certainly a popular Birthday day this week because here is another. . . to Bette Lewis our cute San Jose State coed who celebrates Friday too. . . to Clyde Lindsay as he adds on one more successful year this Saturday. . . to Susan Parish who Saturday celebrates birthday Number Four and here is a wish for many, many more.

Leonard Bettencourt has been treating his Helen pretty good lately. They were a happy pair at the Stanford-USC football game and still happier during dinner at Riekey's later.

Wedding bells that rang out their joyous ten years ago will echo in the hearts and minds of John and Jane Goza on Friday.

Sunday will be a big day for Jake and Mayne Springer as they deflect on the happiness they have shared for twenty two years.

It's a girl! James and Laverne Robertson have a brand new baby girl in their home and they have named her Kathleen. She weighed six pounds and five ounces when she arrived at Palo Alto Hospital on Tuesday, November 9, and she is now getting plenty of attention from her older brothers and sisters, James, Richard, Marie & Diane.

Robert Mc Cord came home on November 2, just in time to vote and that is just what he did. He will be recuperating from his operation for about three months before being well enough to go back to work.

Guest From Oregon

Mrs. Dorie Bates of Salem, Oregon was a recent houseguest of Mrs. Dan Marble in Niles.

Paula Di Faraia, daughter of Mr. and Mrs. Dominic Di Fraia, celebrated her sixth birthday last Thursday with a wonderful party. Enjoying games and refreshments were: Barbara and Veronica Binder, Patsy Thelen, Jonelle Silva, Susan Phelps, Marilyn Topel, Patricia Mc Donough, Linda and Sandy Oakes and her brothers, Danny and Chris. Adults enjoying the affair included her grandmother, Mrs. F. M. Casey, Miss. Alma Dowling, Mrs. Patricia Phelps, Mrs. Jean

The cradle set took in a new member on November 5 when Jennifer Lynn, a bundle of sweetness weighing six pounds, thirteen ounces came to bless the home of Darrell and Clydeen Ferreira. The baby girl, their first, was born at San Jose Hospital.

The Teen Club will hold a Harvest Festival Dance on Saturday, November 20. Admission to the Community Center will be one can of food to be placed in a basket with a turkey (furnished by Kiwanis Club) for a needy family.

50 MILLION CARS

comes an all-new General Motors masterpiece

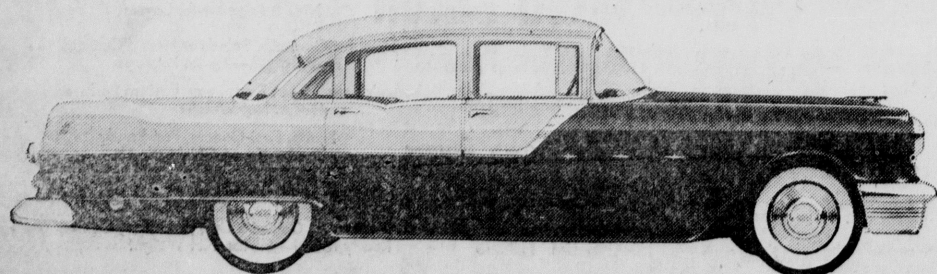

PONTIAC FOR '55

The 1955 Pontiac is getting a royal welcome. "It's hot," they're saying, "the hot car of the year." And no wonder! With its Vogue Two-Tone styling and Strato-Streak V-8 engine, Pontiac wraps up more beauty, luxury, size and power than a like amount of money ever bought before. The price is near the lowest, but the car is way out front in everything that makes an automobile great.

The reason lies in the achievement General Motors is now celebrating—the vast experience gained in building 50 million cars. Research experience that uncovers what you want and need. Design experience that creates new trends. Engineering experience producing more dollar-for-dollar quality year after year.

That's the background of this All-New General Motors Masterpiece. Come in, drive it, and find out what it means to you. Let your own eyes tell you that here is the smartest car on the highway. Let your own hands report the new handling perfection brought about by recirculating ball steering and other advancements in the all-new shock-proof chassis. And let the great new Strato-Streak V-8 whisper its tale of getaway, response and compelling power that make driving a brand-new experience.

Then let us tell you about Pontiac's new thrift and reliability—and how little it costs to buy this future-fashioned beauty. Come in soon and get the exciting facts!

Hi Ya Folks!

That stork bird sure gives you a bad time. Being an ambulance attendant has its interesting moments, but here is one for the books. At 12:30 a.m. last Wednesday the 19th a call came from Irvington for the ambulance. The old stork had not only been circling around the town, he was just about to land.

When we arrived on the scene, we found the lady with her brother and sister, parked right in the middle of town and Mr. Stork just overhead about to light. We loaded her into the ambulance, and as near as I can determine, Mr. Stork just sat down on top of the ambulance, grabbed a good foothold, ducked his head and decided to ride the rest of the way. Believe me, he got a fast ride too.

Arrangements had previously been made at Richmond Hospital, Richmond, to receive the lady. I was sure we could not make it to that place before the baby was born. Passing through Alvarado with red lights blinking and siren screaming I knew that it would only be a matter of minutes until the baby arrived. So it was agreed that we would make a run for Fairmont Hospital, have the baby there and then go on to Richmond. I directed the ambulance driver, John Franco, to head for Fairmont quick, and to radio that we were on the way. At 1:10 a.m. we arrived, and were met at Emergency door by an interne who wasted no time in going into action.

Old Bird Stork just heaved a sigh, settled back on the roof of the ambulance and started out to smooth out his windblown feathers. Dr. Schadt-kin, resident physician was called, and at exactly 1:45 a.m. little Robert Lawrence Hoy arrived with a good husky yell. His mother is Mrs. Lorraine Hoy of Santa Clara, wife of Ralph Hoy. The trip had

started from there by car shortly after midnight but developments took place which rather frightened Mrs. Hoy's sister, who was driving the car and they decided to call the ambulance.

Little Robert Lawrence weighed seven pounds thirteen ounces. He was the cutest little guy I have ever seen for a new-born babe. After consultation by phone with the Richmond physician and conference by Fairmont Hospital staff, it was decided there was no reason why mother and babe could not be taken home, so we loaded them back into the ambulance and in a more leisurely manner returned to Santa Clara. At departure from Fairmont, no trace of Mr. Stork could be found so I guess he just made a sleepy return to his roost to await the next call. I'll wager that was the fastest trip he had made in a long time.

In our own neighborhood, Roger (Spotsout) Shaw and Ray (Menswear) Alvarez got busy last Sunday with their gardening and planted nice shrubbery in the boxes in front of each of their places of business.

Town & Country Furniture folks are very happy to have Walter Lobato with them as salesman. Walter has been in this locality for twenty years and has been associated with furniture and appliance firms for the last ten years.

Regrets: Mrs. Ervin Solley was in an automobile accident last week while enroute to Oakland. It was the result of a too sudden stop of the car ahead of her. Seems the driver came upon what he believed was a dog on the highway and made a sudden stop to avoid hitting it. Mrs. Solley was unable to stop quick enough to avoid colliding with the car ahead with resulting damage to the front end of her car. There were no serious injuries to passengers. Upon investi-

gation it was found that the dog had been killed by a previous collision with a car.

Ambulance Rolls: Regardless of the stormy weather for the last week, car accidents have been few and far between. Only two emergency calls were made for the ambulance on highways. Wednesday at 12:34 a.m. a call for the ambulance in Irvington to handle the maternity case mentioned above in this column, and at 11:10 a.m. the same day a two-car rear-end collision at Machado Corners, caused considerable damage to the cars and slight head, chest-and-knee injuries to one driver who was taken to Fairmont Hospital. Careful driving is surely paying off in this locality.

Your reporter and TWOM (That Wife Of Mine) celebrated their fortieth wedding anniversary, Monday, I am not sure whether congratulations or sympathy should be extended to TWOM. It has been bad enough for me to have to live with me all those years, let alone she having to put up with me for that long.

Chrysler New Yorker Deluxe St. Regis

ANNOUNCING CHRYSLER FOR 1955
WITH THE 100-MILLION-DOLLAR LOOK

IT'S HAPPENED! Here's a wholly new direction in automotive styling for all cars to follow. And it took Chrysler for 1955 to do it: America's top performer and the first in the coming generation of motorcars! Come see it! Everything about it is completely new, and dramatically different. Here's the car with the 100-Million-Dollar Look... and when you own it and drive it, you'll feel like every million of it! Chrysler for 1955 is long and sinewy and low. It's a sleek, clean length of steel that looks as if it might have been born in a wind tunnel. Washed free of clutter.

Purposeful as an arrow shot from a bow! New front-end... you can spot it a mile away! New Super-Scenic sweptback windshield... with corner posts that slant back to allow safest possible vision. New tapered rear deck. New sweeping silhouette that's inches lower than other big cars. New Twin-Tower tail-lights that say "Stop!" with great authority. New PowerFlite Range-Selector on the dash that completely outmodes conventional levers on the steering column. And new fashion-forward luxury interiors that surpass in color and richness anything you've ever

seen in any but custom-built motor cars!

Come drive it! Every Chrysler is now a V-8—with engines up to 250 HP, the most powerful type in the world. Famous Chrysler engineering brings you Power-Flite, most automatic of all no-clutch transmissions. Full-Time Coaxial Power Steering and new double-width pedal Power Brakes. Plus new tubeless tires! Everything is here you need... to drive, as well as look, ahead of all others. Come see America's most smartly different cars today. See for yourself why now, more than ever, the power of leadership is yours in a Chrysler.

ALVARADO NEWS

By PAULICIA M. NOIA

The Benevolent Society of California, Council 22 of Alvarado, and co-hosts, Newark, Irvington and Hayward, entertained the State Grand President, Antonio Silva of Santa Maria. The evening began with a dinner under the chairmanship of Mabel Rodgers, secretary. The tables were decorated in Halloween themes. The centerpiece was a cake with the words, "Welcome Grand President and All Grand Officers." One-hundred and fifteen people enjoyed the dinner. President of Council 22, Manuel P. Rose welcomed visitors. District Inspector David Rocha of Manteca introduced the grand officers, the social directors, and eight new candidates of which three were for Alvarado Council. They are King Lemos, Lena Lemos of Hayward and Mike Gardetto of Alvarado. There was an interesting speech by the Grand Assistant Secretary Treasurer, Jack Costa, of San Leandro. Mrs. Jessie Perry, a member of Council 22 was appointed by the grand officers as deputy to her council. Mrs. Rodgers, secretary of Council 22, thanks all who attended the dinner and those who helped prepare and serve it.

S.P.R.S.I. Council 21 announces their next meeting has been changed to November 18, due to the fact that Thanksgiving falls on their regular meeting day. At the meeting two brides will be honored, Ellen Pinto of Alvarado and Mary Jerome of Hayward. Refreshments will be served by Mary Luiz, Veronica Silva, Alice Gomes of Alviso District, Loretta George, Lorraine Soto of Newark and Irene Mendonca of Alvarado. President Helen Gulara wishes all the officers and the members of the S.P.R.S.I. and their families a happy Thanksgiving.

Last Thursday evening Carol, Ernie, and Linda Andrade and Sharon Perry attended a birthday party for Armen Perry of

Niles. The party was held at the home of Alvinia and Bud Rissman of Centerville. Guests were: Terry Rissman, Mickey and Morris Perry and Jackie of Niles, Jack Duarte of Centerville, Mr. and Mrs. Bollinger and Don of Centerville, Herman Perry and Melvin of Niles. Armen was thirteen years old.

Ernie, Carol, and Linda Andrade visited Pat and Joe Perry of Bear Road, Alviso District Saturday night. On Sunday they visited Jane and Ray Souza of Centerville.

Happy birthdays to Dickie Rose who celebrated his tenth, and also to Tony and Alvinia Brune.

Granger Avenue is losing some of its neighbors. Jonny and Dorothy Wright, Kathy, Donna, Linda, and Barbara are moving to Alquire Road, where the Wilbur Martins formerly lived.

Wednesday Jean and Elvin Rose, Danny, Dickie, Stanley, Dale, and Marvin had Douglas Howlett for dinner. They also had guests from Humboldt County, Mr. and Mrs. Robert Acorn. The following day the Roses were dinner guests of Mr. and Mrs. Douglas Howlett of San Leandro.

Mrs. Mary Raphael is now living with Mr. and Mrs. Tony Borges. Sunday they attended a wedding in San Jose of the Borges' nephew.

Mr. and Mrs. Frank Silveira, Mr. and Mrs. Norman Silveira, Norma Jean and Debbie visited Jeanette, Hugh, and Hughie Ramm of El Cerrito. They helped Jeanette celebrate her birthday.

Also in El Cerrito Sunday were Serafin, Emily, Carol, and yours truly. We visited Mr. and Mrs. John Noia.

Thursday Mr. and Mrs. Tony Rodgers attended an impressive ceremony at the San Francisco Civic Auditorium. They saw over 3000 people petition for their citizenship and receive their papers.

Edgren Motor Co. Named Dodge Truck Distributor

Edgren Motor Co., of Centerville, today announced its appointment as a factory-authorized dealer to sell and service Dodge "Job-Rated" trucks.

Owner Lloyd Edgren said that Dodge trucks meet approxi-

mately 98 per cent of all hauling needs in a wide range of horsepower and capacities. Seven engines ranging from 100 to 172 gross horsepower are offered in the present C-1 series of Dodge trucks. Gross vehicle weight capacities range from 4,250 to 40,000 pounds, and gross combination weight capacities range up to 60,000 pounds. He went on:

"Both V-8 and 6-cylinder engines are offered in the conventional series of Dodge trucks. A wide range of panel, pick-up, express and stake bodies are available. Likewise, special bodies and many items of special equipment for use in many industries, businesses and agricultural uses are available on special order. Included in the Dodge truck line are the 4-wheel drive Power-Wagon and the Route-Van delivery truck.

"Dodge has been a leading truck manufacturer since 1917. During the 37 years production has totalled 2,100,000 units for civilian use in addition to more than 500,000 military trucks. More than 1,000,000 Dodge trucks are registered and in use on American highways today."

Bigger Pipes In Tracts Said Possible

A method by which larger water lines could be required in all new tracts inside the Niles fire district was outlined to commissioners at last week's meeting by Jack Parry.

Commissioners earlier announced they would like to require six-inch mains throughout the district, but were uncertain how to enforce such a rule.

Parry said he had made inquiries through the Alameda County Planning commission. He reported that inspection after installation left the commissioners powerless to act.

Instead, he said, letters should be written to the planning commission, while tracts still are on the drawing board, outlining district requirements.

"Require the water company to submit a map showing the size of lines," Parry suggested. "Only at that stage of a tract's development, can your chief have any control over water line installations."

Commissioners thanked Parry for his information and promised to investigate the proposal.

Attorney Gene Rhodes, who several months ago was retained to prepare a report on a civil-service type system of employment for the district asked that the report be held back until the December meeting. He explained, "We have written to districts all over the state and some answers still are outstanding. We would prefer not to release the report until it is complete."

DAYS AND DAZE

We hereby submit our application to join the Society to Straighten Out Holidays And Make Them All Fall On Friday. If there is no such club, there darn well ought to be.

Take the recent Veterans' Day, formerly Armistice Day. The world situation made 1918's Armistice a mockery, but they kept the day and changed the name. This confused just about everyone. Schools closed. Banks stayed open. The postoffice shut. Stores didn't. What kind of a holiday is it when it's a vacation for half the people and not for others?

How many holidays can we afford? Not as many as some folks seem to think, if we're going to keep the wheels turning. Six or seven days during the year are universally recognized as holidays. Memorial Day is one — on it we remember our valiant dead of all wars. Such memorials we would keep with all our heart.

It would be more convenient — and more restful for employer, employee and public — if holidays were calendared to fall on the nearest Friday to the day celebrated, just like Labor Day falls on the first Monday in September. Failing that, we'd like some high-level ruling on what days should be observed, and who should observe them.

ZONE 5 BONDS A NECESSITY

Last January, when formation of Flood Zone 5 was before the Supervisors, we commented editorially that the people in Centerville, Niles, Decoto and Newark should be given a chance to say whether they wanted flood-control and drainage. On December 7, voters will have that chance. It is the date of an election to decide if a \$3,987,000 bond issue shall be authorized to finance the harnessing of Alameda Creek, the construction of canals to drain our Central Township.

The arguments we used in January apply just as truly in November. Pardon us for repeating them:

"Should we control floods in Central Washington Township?"

"This seems like asking if we should control crime, or plague. A community curbs criminals by hiring policemen, or sheriffs. It controls plague by hiring health officers. These are public officials. Their salaries must be met out of taxes. But taxpayers want crime and disease controlled. So they are willing to pay the tax."

"It is the same with floods. We are past the stage when each farmer could ditch his property, dam his creek, control floods and drain his land. We live too close together. We are too dependent on what our neighbors may or may not decide to do. Flood control must be a community project, like sheriffs and health officers."

"In years past, when heavy rains came, Alameda Creek overflowed its banks and flooded nearby farms and towns. Smaller creeks made puddles on our roads. So did runoffs from our open fields and orchards."

"The peril is still with us, increased by the fact that Washington Township is no longer just open fields. Homes and factories are here. More want to come in. But for every house and every factory, there is a two-fold problem: floods and drainage."

"The floods made it impossible to locate buildings except on selected pieces of high ground. And the threat of floods will keep industry out. Lack of drainage does the same. New buildings don't absorb water like plowed fields, and the water runs swiftly off their hard surfaces, down into the houses and plants below. It creates a problem that county officials refuse to inflict on anyone."

"Trying to solve these problems, the county has formed flood control zones up and down the Bay Plain. Some take care of floods and drainage around San Lorenzo. One recently was approved for the Irvington region. Now it's time to consider one for Centerville, Newark and Decoto."

"Flood control doesn't take effect until two-thirds of the electors approve the cost. Then dams and ditches can be built, wild water controlled. This is what will make our communities grow, attract new factories and homes, help pay our other taxes for schools, fire protection, roads."

Mrs. Ann Maycock says she hasn't sold all of Los Amigos Vineyards to Charlie Russell. She kept five acres on top of the hill including her home and the wine warehouse, and will continue to market the famous Los Amigos wines from there. She's spending much of her time in Santa Ana now, however, with her son Stoney, who's a Marine jet pilot.

"A local boost will start the magic process, for Federal government flood subsidies eventually will bear most of the cost, as they are doing at San Lorenzo. Local taxes will be held to 50 cents per \$100."

"We cannot believe that our readers are blind, that they don't realize flood control is necessary to their future health, happiness and prosperity."

Remember the \$2,000,000 damage done by Alameda Creek in January, 1952? During the peak of that flood, 17,000 cubic feet of water per second came down the creek. But in 1911, federal stream gauges measured no less than 31,000 second-feet, and the entire bay front was a huge lake for weeks. Think what another wet year like 1911 would mean to us in 1954 or 1955!

No, we don't believe our readers are blind to that possibility!

WINTER SET

A non-literal-minded lady we know returned from a jaunt up Niles Canyon and reports the trees there look like gold lace. She asks why we don't editorialize about them. We haven't made time for our annual fall pilgrimage in that region, but are happy to observe other autumnal signs closer to home in our Township: wet grass, spiraling leaves, fragrant blue smoke, fat squirrels, smiling shopkeepers, a general concern with Christmas street lighting, ducks and the heavier spectator sports. Also with overshoes, flannel, miracle drugs and children creeping into bed with their parents on cold mornings.

Township Tom...By Nixon

The Editor's Corner

By STUART NIXON

Judge Allen G. Norris drew smiles when he dedicated "his" school two Sundays ago. He pointed out that soon after he resigned, the trustees were increased from three to five. Said the judge: "Hard to say whether it was because they needed three men to replace me or to straighten out my mistakes."

Niles has an all-Enos delegation to the Township Government Study Committee: Dr. Joe, Ed, and Winifred. The doc isn't related to the other Enoses; Ed is Winifred's husband and Henry's brother. Can we expect a unified vote from the plural "Eni?"

Bruce Michael, now touring Europe, has been embarrassing his pals here by sending them French postcards. Translation proves them all fit to be sent through the U.S. Mail, though nobody believes it.

Tip: look for one of the Township's most beloved public servants to get the boot any day now. Politics the reason, naturally.

FAIR WARNING: The NEWS-REGISTER will come out early Thanksgiving week to give our guys and dolls (mmm) as well as our readers a rest from Wednesday night to the following Monday morning. So get your copy in early, faithful correspondents, critics and publicity chairman.

Ever wonder why obliging Harry Fineberg didn't name his jewelry store "Harry's" instead of "Michael's"? Reason: Harry has a small son named Michael. You like Mike? Or rather tarry with Harry?

Tsk, Tsk Dept.: Arthur Freeman, rector of St. James Episcopal church was in to ask me for an extra copy of the paper last week. Seems his was taken. In church.

Gals, that tall, dark and terrific male you see strolling around Irvington is Don Colvin, now a subdivider, but no older-looking than when he played all-coast end for Stanford, though he has a houseful of paposes of his own now.

Mrs. Ann Maycock says she hasn't sold all of Los Amigos Vineyards to Charlie Russell. She kept five acres on top of the hill including her home and the wine warehouse, and will continue to market the famous Los Amigos wines from there. She's spending much of her time in Santa Ana now, however, with her son Stoney, who's a Marine jet pilot.

Ho-hum. This is sackin'-in weather.

The Newark Volunteer Firemen's Association will sell Christmas trees of all sizes and types at the Fire House on Thornton Avenue this year.

The Association will decorate the Fire House and have an animated display of Mother Goose characters for the theme, according to Wilbert Pine.

Santa Claus will appear at the Fire House on Saturday, December 18 with candy for the kiddies.

SUZY SEZ...

By STUART NIXON

If absence makes the heart grow fonder, a lot of people should love their churches more than they do!

Conservation won't die in our home. As soon as company arrives we turn off the television. Sometimes a whole day passes TV-less!

I wish I could join the Newark woman in the boast that people mistake her for her teen-age daughter.

Now that the shouting's over, how long will those election signs clutter up the Township?

Centerville better hurry with some sort of recreation plan. Kids from as far away as Orchard Park journey over to Glenmoor for a playground.

Now is the time that folks who didn't wish they'd saved via the Christmas Club method. Better sign up now, for next year!

Pardon me for asking, boys, but how does one qualify as a member of the "Intelligensia" destined to study cityhood for the Township?

If you failed to mail your Christmas packages overseas, send 'em air mail, the deadline was last Monday, and you want to be sure they arrive on time.

The reason there's been no announcement of the impending television visits to local industries is simply that the station hasn't sent out any advance publicity. How about it, "Success Story"?

I wonder what important matters were settled in the county car by those two officials at the county building last week?

'Seuse me, Mission San Jose, your door-knob's just as pretty as the one on the firehouse in Centerville, but it doesn't show on a green door.

The well-digging being done by our water companies is but a drop in the bucket compared to our future needs.

We think of Newark as a city, but within two blocks of the postoffice they have cows, horses and chickens. Didn't see any pigs, though.

Many who signed those petitions regarding a zoning change in Centerville thought they were keeping industry out of areas where homes are already built!

It's nerve-wracking to visit one of our towns Saturday afternoons with the loud speaker sounding up and down the main street.

An old timer says she sees only strangers in town, but we newcomers are strangers to each other, too.

A bad party-liner interrupted my phone call to a friend last week. I hope you ladies enjoyed a good talk. One of you was so rude to us!

An Irvington mother says she doesn't dare sing any of her favorite songs anymore. Her children add the singing commercial words to 'em.

Wonder how many other homes resound with pleas for a "real toy car," like that mid-gest seen in Newark?

So long...
